Producers — Exporters — Importers

Agricultural and Ornamental

TROPICAL PLANTS

These prices include packing and delivery to carrier. They do not include transportation.

Persons coming to the Nursery and purchasing on a cash and carry basis are granted a 20% discount on all items listed herein.

We have many other palms in groups too few to list so if you don't find what you want listed here, drop us an inquiry as we may have it.

These prices are as of April 15, 1959 and are subject to change without notice.

We make no warranty, expressed or implied as to the future life of these palms. Neither do we guarantee them to actually be correctly named. We are growers, not taxonomists. These Palms are listed as they were classified at their various points of origin and we herein state that we have done all that is humanly possible to keep their identities correct. In any event our liability shall in no case exceed the F.O.B. cost as listed herein.

SMITH'S NURSERY
